

CRT Television Set

This CRT television features a black screen and silver frame. Integrated speakers are located on either side of the screen, and a wide base provides stability.

Product Overview

Vintage CRT Display Unit

This CRT television set features a classic silver frame design with integrated side-mounted speakers, reflecting the aesthetic standards of the late 90s and early 2000s. Engineered with a wide, stable base, it offers reliable placement for institutional or professional display needs. The unit includes accessible central power controls and digital management capabilities to ensure ease of operation.
