

Crystal Stereo Audio Earphones

These stereo audio earphones feature a crystal-encased design. They have a durable braided cable and a standard 3.5mm audio jack for wide compatibility.

Overview

Crystal Stereo Audio Earphones

These crystal-encased stereo audio earphones combine aesthetic elegance with reliable audio performance. Featuring a unique transparent design with a vibrant interior, they are built for both style and daily utility. The durable braided cable ensures longevity and minimizes tangling, while the universal 3.5mm jack ensures broad compatibility with smartphones, tablets, and computers.
