

Cup Sealing Machine

This professional-grade cup sealing machine seals various types of cups for the food and beverage industry. It features a digital display for precise control and is constructed with durable materials.

Overview

Professional Cup Sealing Solution

This manual cup sealing machine is designed for efficient and reliable sealing in food and beverage service environments. It features precise controls for temperature and sealing time, ensuring consistent results for various cup sizes. Built with durable materials, this machine is engineered to withstand the demands of daily commercial use.

Technical Specifications

Power Consumption	350 W
Operation Type	Manual

Features

Key Features

- Digital temperature control
- Adjustable sealing time
- Manual pressure lever
- High-temperature mode
- Integrated cutting blade

Safety & Indicators

Status Indicators	Heat Light, Temperature Light, Power Indicator
Safety Compliance	Yes
