

Curved Diamond Saw Blade for Stone Cutting

This diamond saw blade is designed for cutting granite and marble. The T-segment on both sides improves curved cutting and prevents binding.

Product Overview

Professional Curved Diamond Saw Blade

This professional-grade curved diamond saw blade is engineered for precision cutting of challenging stone materials like granite and marble. Designed for durability and extended service life, it ensures efficient material removal and clean, accurate cuts. The blade is compatible with standard electric tools, making it an ideal accessory for various stone fabrication applications.

Technical Specifications

Blade Dimensions

Model	Segment Height (mm)	Segment Width (mm)	Arbor (mm)
CBB105	9	3.8	22.23
CBB115	9	3.8	22.23
CBB125	9	3.8	22.23
CBB150	9	3.8	22.23
CBB180	9	3.8	22.23

Available Sizes

105mm, 115mm, 125mm, 150mm, 180mm

Application

Compatible Materials

Granite • Marble
