Overview

Curved Modular Conveyor Belt

This curved modular plastic conveyor belt is engineered specifically for super wide conveyor applications, offering exceptional flexibility for navigating complex layouts. Its modular design allows for easy assembly, maintenance, and customization, significantly reducing operational downtime. Built for durability and hygiene, this belt is an ideal solution for demanding environments such as food processing, packaging, and various industrial material handling tasks.

Technical Specifications

Available Colors

White • Blue • Gray • Nature • Dark-brown

Pitch	45 mm
Thickness	15 mm
Minimum Width	242 mm
Open Area	52 %
Rod Diameter	5.8 mm
Curve Capability	Yes
Available Materials	PP, POM, PE, PA
Regulatory Approvals	FDA, EU

Performance Metrics

Working Temperature

-40 °C

Min Temp

260 °C

Max Temp

Max Load Capacity

1.2 tons/sqm

Compatibility

Sprocket Configuration

- Sprocket Sizes: 8T, 12T
- Bore Types: Square bore, Round bore

Application

Industries Served

Category	Industries
Food Industry	Meat, Poultry, Seafood, Bakery, Snacks, Fruit & Vegetables
Non-Food Industry	Automotive, Tire, Packaging, Printing, Postal, Cardboard, Can, PET, Textile
