

Curved Pruning Saw with Pistol Grip

This curved pruning saw is designed for efficient cutting of branches and limbs. The blade is made of high-carbon steel for durability and sharpness, while the pistol-grip handle provides a comfortable and secure grip.

Product Overview

Professional Curved Pruning Saw

This high-performance pruning saw features a specialized curved blade designed for aggressive and efficient cutting of tree limbs and branches. Constructed from durable high-carbon steel, the blade ensures long-lasting sharpness for demanding landscaping and gardening tasks. The ergonomic pistol-grip handle provides a secure and comfortable hold, enhancing control during intensive outdoor maintenance work.

Technical Specifications
