

Curved Wooden Armrests with Accent Strip

These curved wooden armrests enhance the ergonomics of furniture. Designed with a dark brown finish and a light-colored accent strip, they provide support and comfort for chairs or trolleys.

Product Overview

Ergonomic Curved Wooden Armrests

These curved wooden armrests are designed to enhance the ergonomics and aesthetic appeal of chairs or trolleys. Featuring a sophisticated dark brown finish with a contrasting light-colored accent strip, they provide both sturdy support and a premium look. Built for durability, these components are ideal for furniture applications or manual tool configurations requiring long-term reliability.
