

Custom Chopper Bicycle with Banana Seat

This custom-designed bicycle features a chopper-style frame with an extended front fork and a banana seat. The bicycle's overall design is geared toward recreational use and aesthetic appeal rather than high-performance cycling.

Product Overview

Distinctive Chopper-Style Design

This custom-designed bicycle features a unique chopper-style frame paired with an extended front fork and a classic banana seat with a sissy bar. Designed for recreational use and aesthetic impact, it captures a low-rider aesthetic with artistic detailing and a striking yellow and black color scheme. The high-rise handlebars create a comfortable and iconic riding posture, perfect for riders prioritizing style and visual appeal.
