

# Cylinder Head Assembly for ISM M11 Engines

This cylinder head assembly is designed for use in automobile engines. It is a key component within the engine, responsible for housing valves, spark plugs, and combustion chambers.

## ADDITIONAL IMAGES

## Product Overview

### Engineered for Performance

This cylinder head assembly is designed specifically for ISM M11 engines, serving as a critical component for housing valves, spark plugs, and combustion chambers. Engineered to meet or exceed original equipment standards, it ensures reliable operation and optimal durability for heavy-duty applications. This assembly is an ideal solution for engine rebuilds, repairs, and comprehensive maintenance procedures.

## Technical Details

### Included Components

- Valve springs
- Retainers
- Combustion chamber housing
- Valve housing

Unit Weight	125 KG
-------------	--------

## Compatibility

Compatible Part Numbers	2864016, 4004086, 2864012, 2864013, 4952843, 4952444, 4086406, 4952453, 4952829, 2864028, 2864024
-------------------------	---

## Logistics & Packaging

Packaging	Wooden Carton
