

D1S Xenon HID Headlight Bulb

This is a high-intensity discharge (HID) Xenon headlight bulb. It is commonly used in automotive lighting systems for its brightness and efficiency.

Product Overview

High-Performance Automotive Lighting

The D1S Xenon HID headlight bulb is engineered for superior brightness and efficiency in automotive lighting systems. Featuring a high-intensity discharge design with a robust metal base and clear glass capsule, this bulb provides excellent visibility for drivers. Its advanced arc chamber construction ensures consistent performance and longevity, making it a reliable choice for vehicle headlight upgrades.

Technical Specifications

Technology

HID • Xenon • High-Intensity Discharge

Bulb Type

D1S

Construction

Design Features

- Spherical arc chamber
- Multi-part base assembly
- Integrated mounting flanges
- Clear glass capsule

Base Material

Metal
