

DC Motor for Blenders and Beauty Appliances

This DC motor is designed for use in ice blenders and beauty appliances. It provides reliable power and efficient operation for demanding applications.

Overview

High-Performance DC Motor

This versatile DC motor is engineered for high-performance applications in small appliances, including hand blenders, ice blenders, and beauty tools. It offers reliable power and efficient operation with a compact design that facilitates easy integration into various appliance housing requirements. Built for durability, this motor ensures consistent torque output for demanding daily use.

Technical Specifications

Key Performance Metrics

300 W

Power Draw

10000 RPM

Speed

Operating Voltage

DC 100V - 240V

Applications

Common Applications

Hand Blender, Ice Blender, Bar Mixer, Beauty Appliance, Power Tools
