Product Overview

High-visibility LED strobe light bar designed for roof-top mounting.

High-Visibility LED Strobe Light Bar

This professional-grade LED strobe light bar is designed for enhanced vehicle security and emergency signaling. Featuring a durable polycarbonate cover and versatile voltage compatibility, it offers 10 selectable flash patterns to suit various operational requirements. Built for reliability, this unit is ideal for heavy-duty applications including trucks, utility vehicles, agriculture, and mining machinery.

Technical Specifications

Overview

Quick Details

Place of Origin:	China	Brand Name:	toplead
Model Number:	CFL-23L	Warranty:	12 year
Type:	Mini light bar	Certification:	CE
OE No.:	85122090	Voltage:	DC12-36V
Colors:	Amber /Red /Green /Clear /White	Watt:	20W
Lamp Type:	20pcs power LED, mini lightbar	Dimension (Mm):	300*150*80mm(High)
working current:	1100mA	Material:	pc cover, ABS base
mount:	magnet and plug	Functions:	10 functions
Waterproof rate:	IP65	Car Make:	Truck,utility vehicles,agriculture,mining car ,suv trucking

Streamlined design featuring 392 high-intensity LEDs.

Voltage Range	DC 12V-48V
Total LEDs	392
Flash Functions	10
Memory Function	Yes

Physical Characteristics

Cover Material	Polycarbonate (PC)
Dimensions	290mm x 165mm x 60mm
Available Colors	Amber, Blue, Red
