

Decorative Ceiling Fan with Light Kit

This ceiling fan provides air circulation for indoor spaces. It also features an integrated light kit with multiple bulbs.

Product Overview

Traditional Decorative Ceiling Fan

This decorative ceiling fan combines functional cooling with elegant design, making it an ideal choice for interior spaces requiring a touch of classic style. Featuring five wooden blades and ornate metal detailing, it offers a sophisticated aesthetic while providing effective air circulation. The integrated three-light kit enhances utility, serving as both a fan and a central lighting fixture for any room.
