

Demolition Hammer

This demolition hammer is designed for heavy-duty demolition work. It delivers high impact energy for efficient breaking and chiseling of concrete, asphalt, and other tough materials.

Product Overview

Professional Demolition Hammer (Mod.65)

The Mod.65 is a powerful and robust demolition hammer engineered for heavy-duty tasks, including breaking concrete and asphalt. It features a reliable 1500W motor designed to withstand demanding job site conditions while maintaining high efficiency. With an ergonomic build and integrated vibration reduction, this tool is optimized to minimize user fatigue during prolonged operation.

Technical Specifications

Rated Input Power	1500 W
Voltage/Frequency	230V/50Hz
No Load Speed	800 rpm
Impact Rating	2900 rpm
Function	Single Function

Electrical & Connectivity

Plug Standard

VDE Plug

Cable Specifications

5m rubber H07RN-F 2x1.0mm² VDE Cord

Included Accessories

Package Contents

- 1pc Auxiliary handle
- 1pc Point chisel
- 1pc Spanner
- Iron box or BMC
