

Dental Mute Air Compressor

This dental air compressor is designed for quiet operation in dental environments. It features an air tank for consistent pressure and is suitable for powering dental instruments.

Overview

Professional Dental Mute Air Compressor

The MZB-0.067/8 is a high-performance oil-free air compressor specifically designed for medical and testing environments where low noise is essential. This compact unit delivers clean, consistent air pressure to power a variety of dental instruments and sensitive equipment. With its 20L tank and efficient 0.55KW motor, it provides a reliable solution for professional clinical settings.

Performance Metrics

Key Performance Metrics

67 L/min

Air Delivery

8 Bar

Max Pressure

2880 RPM

Motor Speed

Technical Specifications

Power Output	0.55 KW
Horsepower	3/4 HP
Cylinder Configuration	67mm * 1
Pressure (PSI)	115 PSI
Air Delivery (CFM)	2.4 CFM
Oil-Free Design	Yes

Physical Attributes

Air Tank Capacity	20 L
Dimensions (L*W*H)	40cm x 40cm x 60cm

Features & Applications

Primary Applications

- Medical Treatment
- Dental Clinics
- Laboratory Testing Work
- Precision Instrument Powering

Key Features

Low Noise, Oil-Free, Mute Operation, Compact Design
