

Desk Grinding Wheel Machine

This desk grinding wheel machine is designed for various grinding and sharpening tasks. It features a robust motor, dual grinding wheels, adjustable eye shields, and a sturdy base.

Overview

Professional Desk Grinding Machine

The MQD3215-E is a versatile desk grinding wheel machine engineered for precision sharpening and grinding tasks. Equipped with a robust 150W motor and dual grinding wheels, it provides consistent performance for various materials and grit requirements. Designed with user safety in mind, it features adjustable eye shields and a sturdy base for enhanced stability during operation.

Technical Specifications

Rated Power

150 W

Power Output

Electrical Requirements

220V~50Hz

No-Load Speed

1400 r/min

Wheel Dimensions

Ø125 x 16 x 12.7 mm

Features

Key Features

- Dual grinding wheels for simultaneous grit usage
- Adjustable eye shields for debris protection
- Sturdy base for operational stability
- Robust motor for consistent performance

Ideal Applications

Workshops, Garages, DIY Projects, Sharpening
