

Detachable Container Garbage Truck

This detachable container garbage truck is a specialized sanitation vehicle. It is economic and energy-saving, flexible and highly efficient, and it is especially applicable to garbage handling in populated areas.

Overview

Efficient Waste Management Solution

This detachable container garbage truck is a specialized sanitation vehicle engineered for high efficiency and flexibility in urban waste handling. Designed to work seamlessly with garbage transfer stations, it offers an economic and energy-saving solution for populated areas. The vehicle features a robust hydraulic system and a compact design, ensuring reliability and maneuverability in demanding environments.

Performance Metrics

Lifting Capacity

6300 kg

Lifting Capacity

12400 kg

Maximum Capacity

Operational Cycle Times

Operation	Time
Hooking	d66
Unload	d66
