Product Overview

Professional Diamond Cut-Off Wheel

This diamond cut-off wheel is engineered for high-performance cutting in demanding environments. Featuring a durable steel core with diamond-impregnated segments, it ensures extended service life and precise material removal. The segmented rim design facilitates efficient debris clearance and cooling, which helps prevent warping and heat buildup during operation. It is a versatile tool suitable for both wet and dry cutting applications.

Technical Specifications

Blade Dimensions

115 mm
Diameter

22.23 mm
Arbor Size

Cutting Modes

- Wet Cutting
- Dry Cutting

Compatible Materials

Stone, Tile, Concrete, Masonry

Design Features

Construction Features

Segmented Rim • Diamond-Impregnated • Steel Core • Vibration Reduction

Tool Compatibility

- Angle Grinders
- Circular Saws
