Product Overview

Professional Dry Cutting Diamond Blade

This segmented diamond saw blade is engineered for high-performance dry cutting across a variety of hard materials, including granite, marble, asphalt, and concrete. Designed for durability and precision, it ensures efficient material removal and clean cuts in professional construction and masonry applications. Its robust construction supports high-speed operation, making it a reliable tool for demanding job sites.

Technical Specifications

Available Sizes

Diameter (mm)	Bore Size (mm)
110	20
125	22.2

Maximum Operating Speed

12200 r.p.m.

Max RPM

80 m/s

Max Linear Speed

Usage & Application

Cutting Method

Dry Cutting

Compatible Materials

Granite, Marble, Asphalt, Concrete

Safety Guidelines

Required Personal Protective Equipment

- Eye protection
- Respiratory protection
- Hearing protection
- Hand protection
