Product Overview

High-Performance Diamond Saw Blade

This diamond saw blade is engineered for precision cutting of hard materials, including tile, stone, and ceramics. Featuring a continuous rim design, it ensures smooth, chip-free cuts for professional results. Constructed with high-quality diamond grit bonded to a durable steel core, this blade offers long-lasting performance and efficient material removal, suitable for both wet and dry cutting applications.

Technical Specifications

Diameter Range	100mm - 500mm
Color Options	Any Pantone color

Commercial Terms

Minimum Order Quantity	1000 pcs
Monthly Supply Capacity	2000000 pcs
Production Lead Time	Approximately 30 days after deposit
Payment Terms	30% deposit, balance paid after production and before delivery

Logistics & Packaging

Available Packaging

- Single piece in PVC bag
- Single piece in Double Blister
- Single or three pieces in Cardboard box
