Product Overview

High-Performance Diamond Saw Blade

This diamond saw blade features a specialized deep-drop segment design that protects the steel body while ensuring clean, efficient cutting performance. Engineered for both durability and precision, it delivers fast and smooth cuts across a variety of hard materials. The blade is suitable for use in demanding construction, renovation, and stone fabrication environments, supporting both wet and dry cutting conditions.

Applications & Compatibility

Compatible Machinery

- Angle grinder
- Circular saw
- Masonry saw
- Table saw

Supported Materials

Granite, Stone, Bricks, Brick Blocks, Concrete, Marble
