

Die Grinder - 400W, 25mm Wheel Diameter, 24000 r/min

This die grinder is a versatile tool for precision grinding, polishing, and engraving. It features a 400W motor, operates at 220V and 50Hz, and delivers a no-load speed of 24000 r/min.

Overview

Precision Performance

The XS-25 Die Grinder is a powerful and versatile tool engineered for precision grinding, polishing, and engraving tasks. Featuring a robust 400W motor, it delivers a consistent no-load speed of 24,000 r/min for efficient material removal in metalworking and woodworking applications. Designed with user comfort in mind, the unit weighs only 0.9kg, ensuring excellent maneuverability and reduced fatigue during extended operation.

Technical Specifications

Rated Power Input	400 W
No-Load Speed	24000 r/min
Max. Grinding Wheel Diameter	25 mm
Rated Voltage	220 V
Rated Frequency	50 Hz

Physical Attributes

Net Weight	0.9 kg
Model Number	XS-25
