

Diesel Fuel Injection Nozzle

This fuel injection nozzle is designed for diesel fuel systems. It ensures reliable performance and durability with its advanced nozzle geometry.

Overview

High-Performance Diesel Fuel Injection Nozzle

This diesel fuel injection nozzle is engineered for precision fuel delivery and optimal atomization, significantly enhancing combustion efficiency. Built with durable steel and adhering to international quality standards, this component is designed for reliability in multi-cylinder engine applications. It offers a standardized stroke and robust construction, making it a dependable choice for maintaining engine performance and fuel economy.

Technical Specifications

Body Material	Steel
Weight	0.04 kg
Cylinder Compatibility	Multi-cylinder
Carburettor Type	Downdraft

Compliance & Warranty

Certifications	ISO9001, TS16949
Warranty Period	6 Months
HS Code	84099199

Compatibility Reference

Reference Numbers

Item Type	Reference No.	Stumping No.
Diesel fuel Nozzle	105007-1120	DN0PDN112
Diesel fuel Nozzle	093400-8220	DN0PDN121
