

Diesel Fuel Injector A2C20057433

This is a genuine A2C20057433 common rail injector. It is designed for diesel fuel injection in BK2Q9K546AG/V348 engines and BH1Q-9K546-AB systems.

Product Overview

High-Performance Common Rail Injector

This genuine common rail diesel fuel injector is engineered for precision and reliability in heavy-duty engines. Designed to meet strict performance standards, it ensures optimal fuel delivery and combustion efficiency. The unit is fully compatible with specific engine models, providing a direct replacement solution for maintenance and repair needs.

Technical Details

Primary Part Number	A2C20057433
Secondary Part Number	A2C59517051
Application	CR Injektor Puma EU5

Compatibility

Compatible Engine Models	BK2Q9K546AG, V348, BH1Q-9K546-AB
