

Diesel Fuel Injector Nozzle 1050071120

This fuel injection system part is a diesel fuel injector nozzle. The nozzle is designed for reliable performance as a component of a diesel engine fuel system.

Product Overview

Precision Diesel Injection

This diesel fuel injector nozzle is engineered for reliable performance and precise fuel atomization in multi-cylinder diesel engines. Built to high-quality standards, it is designed to facilitate efficient combustion, helping to improve overall engine performance and fuel economy. The component is constructed from durable steel and adheres to rigorous quality management certifications.

Technical Specifications

Body Material	Steel
Cylinder Compatibility	Multi-cylinder
Weight	0.04 kg
Warranty	6 Months

Compliance & Quality

Certifications	ISO9001, TS16949
HS Code	84099199
