

Diesel Power Generator

This diesel generator provides reliable power for various applications. It features robust construction and efficient operation.

Overview

High-Performance Power Generation

This diesel generator series is engineered for reliable and efficient power output, incorporating advanced technology for enhanced durability. Designed with a focus on cost-controlled operation and quality assurance, it serves as a robust solution for professional power needs. The unit is built to meet rigorous international standards, ensuring compliance and performance reliability in various demanding environments.

Technical Specifications

Model Number	MDE 40STA3
Technology Origin	Japanese Technology

Certifications & Compliance

Certifications	ISO9001, CE, SON, EPA
----------------	-----------------------

Key Features

Key Advantages

Cost Controlled • Quality Assured • Service Guaranteed • High Durability
