Overview

Intelligent Air Quality Management

The Model HCX-H904T is a high-capacity, pumping-style digital humidifier designed to create a healthy and comfortable environment in large residential or office spaces. Featuring a sleek cylindrical design with a top-fill water system, it offers a high mist output of 280ml/hour to cover areas up to 40 square meters. With integrated smart functions like humidity control, UV degerming, and a dedicated sleep mode, it ensures optimal air moisture levels with minimal maintenance.

Performance Metrics

Key Performance Metrics

8 L

Water Capacity

280 ml/h

Mist Output

40 m²

Max Coverage

Technical Specifications

Operating Voltage	110V / 240V (50~60Hz)
Power Consumption	25 W
Housing Material	ABS Plastic
Product Dimensions	230 x 230 x 720mm

Features & Functionality

Optional Configurations

UV Degerming • Ozone Function • WIFI Connectivity

Core Functions

Humidity Control, Fogmeter, Sleep Mode, Timer, Top Water Filler

Internal Components

Advanced Components

- Maifanshi Filter
- Pump Nozzle for water distribution
- UV Degerming Light
- Mist Transducer
- Water Shortage Protection
- Essential Oil Box for Aromatherapy
