

Digital Bathroom Scale with LCD Display

Digital scale designed for personal weight measurement. It features a clear LCD display and precise sensors to ensure accurate measurements.

Product Overview

Precision Health Monitoring

The SC-803C electronic scale offers a reliable solution for personal weight management in home environments. Engineered with four high-precision sensors, it ensures consistent accuracy for every measurement. The sleek design features a clear 30mm LCD display and a foot-tap activation system, combining convenience with essential functionality.

Performance

Maximum Capacity	150 kg
Division Accuracy	100 g
Supported Units	kg, lb, st

Hardware

Display	30mm LCD display
Sensor Technology	4 sensors

Power & Operation

Automation Features

- Auto zero
- Auto off (after 8 seconds)
- Foot tap switch activation

Power Source	1 x CR2032 Lithium Battery (Included)
