

Digital Camera

This digital camera is designed for capturing high-quality photos and videos. It is suitable for both amateur and professional photographers.

Product Overview

Industrial Fluid Control Solution

This heavy-duty industrial valve is engineered for high-pressure and high-volume fluid control systems. It features a robust, durable construction suitable for demanding process industries such as chemical processing, oil and gas, and water treatment. Equipped with both automated actuation and a manual handwheel override, it ensures reliable operation and safety in critical infrastructure environments.

Technical Specifications

Finish

Green Painted

Valve Type

Heavy-duty Industrial Valve

Actuation

Automated, Pneumatic/Electric, Manual Handwheel

Body Material

Cast Iron or Steel

Application Suitability

Recommended Industries

- Chemical Processing
- Oil and Gas
- Water Treatment
