

Digital Camera Battery

High-capacity lithium-ion battery designed for use in digital cameras. It provides reliable and long-lasting power for extended shooting sessions.

Product Overview

High-Performance Camera Battery

This lithium-ion battery pack is engineered to provide reliable, long-lasting power for your digital camera, ensuring you can capture more shots without interruption. Designed with safety in mind, it includes built-in protection against overcharging and short circuits. With its high energy density, this battery offers a dependable solution for extended shooting sessions.

Technical Specifications

Voltage	7.4 V
Capacity	1400 mAh
Dimensions	55.80 x 39.50 x 20.75 mm

Compatibility

Compatible Models

- D100
- D100 SLR
