Overview

Precision Digital Cooking Oil Sprayer

This advanced digital oil sprayer is engineered for professional and home kitchens seeking precise control over oil distribution. Featuring a 2000mAh rechargeable battery, it provides up to 8 hours of continuous spray time for healthy cooking, grilling, and baking. The adjustable nozzle and transparent 350mL reservoir ensure versatile application and easy monitoring of liquid levels.

Technical Performance

Performance Highlights

2000 mAh

Battery Capacity

8 h

Operating Time

350 mL

Bottle Capacity

Power & Electrical

Input Voltage	DC 5V
Power Rating	2.5 W
Operating Current	Below 0.9A
Charging Duration	3 h

Physical Construction

Main Materials	PETG, ABS, Food-grade
Product Size	105 x 76 x 230 mm
Net Weight	318 g

Logistics & Packaging

Container Loading Qty

Container Type	Quantity (pcs)
20ft Container	6720
40ft Container	13480
40HQ Container	15790

Packaging Dimensions

270 x 158 x 98 mm

Service & Customization

Available Services

- OEM/ODM Manufacturing
- Customized Logo for Mass Production
- Sample Testing Provided
- 12-Month Warranty

Production Lead Times

Order Type	Lead Time
First Order	35-40 days
Repeat Order	30-35 days
Sample Order	Approx. 1 week
