## Technical Specifications

### Physical Dimensions

Item	Dimensions (mm)
Scale Size	164 x 155 x 29
Color Box Size	180 x 170 x 45

### Supported Units

g, oz, ml

## Functional Features

### Core Functionalities

- Tare function for net weight calculation
- Touch panel switch with auto-off
- Auto zero resetting
- Low power indication
- Over-load protection
- Water and splash resistant surface

## Design & Build

The scale features a durable stainless steel platform and a high-definition LED display designed for clarity and easy maintenance.

### Materials

High-grade Stainless Steel • Brushed Steel Platform • Classic Black Plastic Base

### Display

High-definition Red LED with tilting design

## Power Supply

### Battery Type

2 x 1.5V AAA (not included)
