

Digital Glass Body Weight Scale with LCD

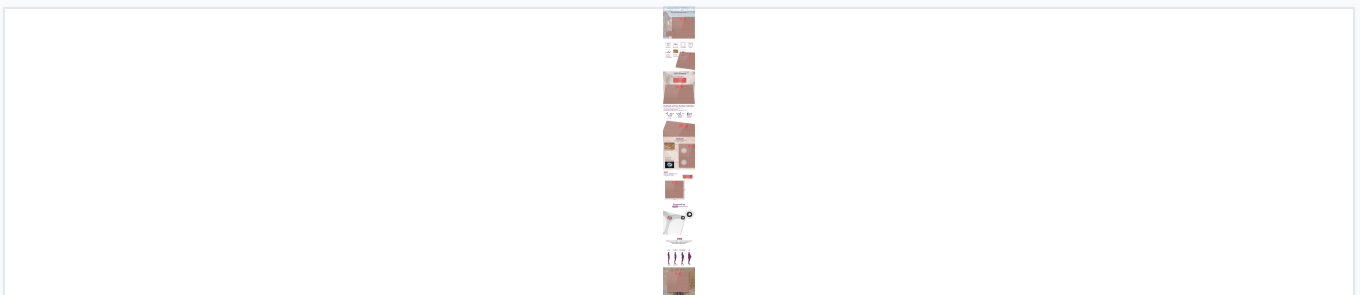

This digital body weight scale has a maximum capacity of 180kg and features an LCD for easy reading. The scale is made with durable glass and is ideal for monitoring personal weight at home.

ADDITIONAL IMAGES

Product Overview

High-precision scale featuring tempered glass and clear LCD interface.

Professional Body Weight Management

This high-precision digital body scale features a durable 6mm safety tempered glass surface with elegant fillet grinding. Designed for stability and user safety, the low center of gravity prevents accidental rollover during use. The device provides precise weight tracking up to 180kg, supported by an easy-to-read LCD display and intelligent energy-saving auto-power features.

Performance Specifications

Maximum Capacity	180 kg
Sensor Type	High precision strain gauge sensor

Physical Dimensions

Scale Dimensions	300 x 300 x 27 mm
LCD Display Size	30 x 73 mm

Build Quality

Material

6mm Safety Tempered Glass, Brushed Finish

Features

Smart Indicators

- Low battery indication (-Lo-)
- Overload indication (-oL- or Err)
- Auto-power on/off
