

# Digital Household Scale with Solar Power

This digital scale features a solar panel that only needs 100 LUX sunlight and daily lighting as its power supply. It also has an auto-on function and a 60\*35mm LCD display.

## Product Overview

### Sustainable Weight Management

This digital household scale combines modern aesthetics with sustainable technology, utilizing sunlight and daily lighting as its primary power source. Featuring an ultra-slim design and a durable tempered glass platform, it fits seamlessly into any home environment. With high-precision sensors and an extra-large LCD, it ensures reliable and easy-to-read weight measurements for daily use.

## Performance & Capacity
