

Digital Kitchen Scale with Stainless Steel Platform

This digital kitchen scale is designed for precise measurement of ingredients with a maximum capacity of 10kg. Its stainless steel platform ensures durability and easy cleaning.

Product Overview

Precision Culinary Measurement

The EK8850H electronic kitchen scale is a precision instrument designed for accurate measurement of ingredients in cooking and baking. Featuring a sleek, brushed stainless steel platform, it offers both durability and ease of cleaning. Its slim profile allows for easy storage in any kitchen, while the touch-sensitive controls provide intuitive operation for professional and home use.
