

# Digital Personal Weight Scale, 180 kg Capacity

This digital scale is designed for personal weight monitoring in the home. It accurately measures weight up to 180kg with a precision of 100g.

## ADDITIONAL IMAGES

## Overview

### High-Capacity Digital Household Scale

This 180kg capacity personal weighing scale is designed for reliable household use, featuring a durable 6mm tempered glass platform and a sleek, modern aesthetic. It utilizes high-precision strain gauge sensors to ensure accurate measurements with a 100g graduation. The scale is engineered for safety with a low center of gravity to prevent rollover and includes user-friendly features like auto-power-off and clear error indications.

Glass Thickness

## Physical Specifications

Comprehensive overview of scale dimensions, display modes, and safety features including tempered glass construction.

### Dimensions & Build

Component	Measurement
Scale Size	319 x 319 x 24 mm
LCD Size	43 x 105 mm
Digital Height	33 mm
Material	Tempered Glass

### Display & Indicators

#### Display Features

- Large LCD digital display
- Low battery indication ('Lo')
- Overload indication ('oL' or 'Err')
- International BMI (Body Mass Index) calculation support

### Operation & Safety

Safety & Operation	Auto-Power-On, Auto-Power-Off, Anti-Rollover Design, Fillet Grinding Edges, High Precision
--------------------	--

### Power Supply

Battery Requirements	1 x CR2032 battery (included)
