Product Overview

Energy-Efficient Dimmable Illumination

This E27 LED bulb is a high-performance, energy-saving alternative to traditional incandescent lighting, designed for both residential and commercial environments. Engineered with advanced LED technology, it offers superior light quality and environmental benefits while supporting adjustable brightness through dimmer compatibility. With a robust aluminum alloy construction and a long operational lifespan, this bulb ensures reliable performance and reduced maintenance needs.

Technical Specifications

Available Wattage

- 5
- 8
- 12
- 16
- 22

Luminous Flux	1050 lm
CRI (Ra)	80
Input Voltage Range	AC85-265V or AC 185-265V
Operating Temperature	-25 to 49.8
Working Lifetime	50000 Hours

Design & Build

Base Type	E27, B22
Body Material	Aluminum Alloy
Available Light Colors	White, Warm, Yellow
Dimmable	Yes

Certifications

Certifications

CE • RoHS • CCC • EMC • LVD • SAA • SASO • BV

Commercial Terms

Minimum Order Quantity	2000
Warranty	2 years
Lead Time	Within 30 working days
