

# Display Freezer with Heating and Cooling

This display freezer offers both heating and cooling functions for versatile use. It features adjustable shelves, a transparent door for clear visibility, and an integrated temperature control system.

## Product Overview

### Versatile Thermal Display Solution

This compact display unit offers dual-functionality, capable of both cooling and heating to suit a variety of product storage needs. Designed for commercial environments like cafes and convenience stores, it features precise manual temperature control and transparent visibility for optimal product presentation. The unit is engineered for efficient operation with adjustable settings for both temperature modes.

## Cooling Specifications

Temperature Range	0-10°C
Refrigerant	R134a/45g
Power Consumption	0.85 kW·h/24h

## Heating Specifications

Heating Method	PTC
Temperature Range	35-50°C
Power Consumption	1.85 kW·h/24h

## Technical Details

Input Power	82 W
Supported Voltages	AC110V/60Hz, 200-240V/50Hz
Climate Class	N

## Dimensions and Weight

### Size and Weight Specs

Metric	Value
Product Dimensions (WxDxH)	420 x 460 x 793 mm
Inner Dimensions (WxDxH)	350 x 325 x 515 mm
Net Weight	22 kg
Gross Weight	25 kg
