

# Disposable Bouffant Hair Caps

These lightweight and breathable disposable bouffant caps are constructed from spunbond polypropylene (SPP). They offer a comfortable fit with an elastic band and are ideal for use in various environments.

## Product Overview

### Professional Hygiene Protection

These disposable bouffant caps are designed to provide reliable hair containment in sensitive environments. Constructed from high-quality spunbond polypropylene, the caps offer a lightweight and breathable fit suitable for extended wear. The integrated elastic band ensures a secure, comfortable fit for various head sizes, making them an essential tool for maintaining high standards of hygiene and contamination control.

## Physical Properties

### Color

Blue

### Material Composition

Spunbond Polypropylene (SPP)

## Applications

### Primary Industry Applications

Food Processing, Healthcare, Cleanroom Settings

## Key Features

### Product Features

- Lightweight and breathable design
- Effective hair containment
- Secure elastic band fit
- Disposable for optimal hygiene
