

Disposable Vinyl Protective Gloves

These disposable vinyl gloves offer a protective barrier for various tasks. Made from synthetic vinyl, they serve as a latex-free alternative, ensuring hygiene and preventing cross-contamination.

Product Overview

Disposable Vinyl Protective Gloves

These disposable vinyl gloves are designed to provide a reliable protective barrier for a wide range of daily tasks. Crafted from synthetic vinyl, they serve as an excellent alternative for individuals with latex sensitivities. Each glove is engineered for single-use, ensuring optimal hygiene and helping to prevent cross-contamination in both professional and domestic environments.
