

Double Burner Electric Cooktop with Enamel Finish

This double burner electric cooktop features two independently controlled heating elements, each with adjustable temperature settings. The cooktop has a durable white enamel finish and is equipped with non-slip feet for stability.

Product Overview

Versatile Double Burner Cooktop

This double burner electric cooktop is designed for efficiency and convenience, featuring a durable white enamel finish that fits well in various settings. It includes two independently controlled heating elements, allowing for precise temperature management across different cooking tasks. With non-slip feet for stability and dedicated power indicator lights, this unit is a reliable solution for small kitchens, dorm rooms, or outdoor camping trips.
