

Double Drawer Dishwasher and Sanitizer

This appliance combines dishwashing and disinfection in a single unit. It features two independent drawers, each with its own controls and stainless steel handle.

Product Overview

Professional-Grade Sanitization

This double-drawer dishwasher and sanitizing apparatus is designed for high-efficiency cleaning and hygiene. Featuring two independent drawers, it allows for flexible loading and simultaneous or separate operation. With its sleek stainless steel finish and integrated digital control panel, this unit combines modern aesthetics with robust performance for demanding environments.
