Product Overview

Professional Dust Collection Solution

This durable rubber dust hood is designed to significantly improve cleanliness and air quality during drilling operations by attaching directly to standard vacuum cleaners. Featuring a 32mm adapter, it provides an airtight seal that captures debris at the source. Designed for both DIY and professional use, it includes an integrated adsorption switch and drill insert for easy operation and stability.

Technical Specifications

Adapter Diameter	32 mm
Dimensions (L x W x H)	155 x 86 x 62 mm
Weight	66.4 g

Material and Build

Material	Rubber
Color	Red

Features

Integrated Features

- Adsorption switch
- Electric drill insert
- Airtight seal
- Universal 32mm vacuum compatibility

Status

Patent Pending
