Product Overview

High-Performance Precision Drilling

This robust drilling machine is engineered for precision and efficiency across a wide range of industrial and workshop applications. Featuring a sturdy construction for maximum stability, it ensures accurate performance even during demanding tasks. The machine is equipped with a powerful motor and an adjustable worktable, making it a versatile solution for handling various workpiece sizes and materials.

Key Performance Metrics

Performance Highlights

1 Qty

Adjustable Worktable

Technical Features

Motor Capability	High-power motor suitable for diverse materials
Build Quality	Sturdy construction for enhanced stability and durability

Safety & Compliance

Safety Equipment

- Chuck guard
- Emergency stop button

Protection Standards

Operator Protection • Industrial Safety

Applications

Ideal For

Workshops, Manufacturing Facilities, DIY Projects

Automotive Glass Components

Windshield Specifications

Feature	Specification
Construction	Laminated safety glass
Optical Quality	High clarity industry standards
Glare Reduction	Shaded upper region
Durability	Impact resistant
