

Dual 18-Inch Subwoofer with Full-Range Loudspeakers

This professional audio system features a dual 18-inch subwoofer and two full-range loudspeakers. The subwoofer delivers deep, powerful bass response, while the loudspeakers provide clear and detailed mid and high frequencies.

Overview

Professional Audio System

This powerful audio system features a dual 18-inch subwoofer paired with two high-performance full-range loudspeakers. It is engineered to deliver deep, resonant bass alongside clear, detailed mid and high frequencies. Designed for durability and high output, this setup is an ideal solution for live sound reinforcement, professional DJ setups, and various installed sound applications.
