

Dual Bristle Wheel Cleaning Brush

This wheel brush features a dual-bristle design with a durable handle for effective cleaning of wheels and rims. The ergonomic handle provides a comfortable and secure grip during use, enhancing control and maneuverability for thorough cleaning in hard-to-reach areas.

Product Overview

Professional Dual-Bristle Cleaning Solution

This dual-bristle wheel brush is engineered for comprehensive automotive detailing and rim maintenance. Featuring a specialized design, it combines stiff black bristles for aggressive grime removal with softer gray bristles for delicate polishing. The ergonomic handle ensures maximum control, allowing professionals to maneuver easily into complex wheel geometries for a superior clean.

Design and Build

Bristle Types	Stiff Black Bristles, Soft Gray Bristles
Handle Design	Ergonomic, non-slip grip
