

Dual-Lantern Outdoor Street Light

This outdoor lighting fixture features a dual-lantern design on a decorative pole. The lanterns have clear glass panels and ornate metal frames, suitable for pathways, gardens, or public spaces.

Product Overview

Classic Dual-Lantern Street Lighting

This vintage-inspired dual-lantern outdoor street light is engineered for durability and aesthetic appeal. Featuring an aluminum die-cast frame with a protective powder-coated finish, it is designed to withstand outdoor elements with an IP44 rating. This fixture provides elegant illumination for pathways, gardens, and public spaces, supporting standard E27/E14 LED bulbs.
