

Dual Monitor Desk Mount

This desk mount elevates two monitors to an ergonomic height, improving posture and reducing strain. Its swivel function allows easy screen sharing and flexible viewing angles.

Overview

Ergonomic Dual Monitor Solution

The HDMM001-2 is a deluxe aluminum-alloy desk mount designed to support two LCD flat screen monitors up to 24 inches. By elevating screens to an ergonomic height, it helps reduce neck and shoulder strain while clearing valuable desktop space for other essential equipment. Its robust construction supports up to 20kg per monitor, making it a reliable choice for high-end professional workstations.
