

Dual Monitor Desktop Mount with Articulated Arms

Mounting two monitors to this stand clears desk space for keyboards and other items. The mounting bracket is suitable for standing desk applications, depending on user and desk height.

Product Overview

Ergonomic Workspace Solution

This articulated desktop monitor mount is designed to enhance productivity and comfort in professional office environments. Featuring gas-spring technology, it allows for effortless height and angle adjustments to ensure optimal posture and reduced neck strain. The space-saving design effectively clears desk clutter while providing robust support for monitors up to 32 inches.
