Dual Monitor Height Adjustable Stand for 13-27 inch Screens

This height-adjustable monitor stand accommodates two 13"-27" monitors. It allows for swivel, rotation, and tilt to suit different viewing angles and promotes ergonomic positioning for sit-stand work routines.

Product Overview

Ergonomic Dual Monitor Solution

This pneumatic height-adjustable stand is designed to support two monitors, promoting a healthier, active work routine by allowing for seamless sit-stand transitions. Built with a durable aluminum alloy column and a sturdy steel base, it provides a stable platform for screens ranging from 13 to 27 inches. The system offers extensive ergonomic adjustments, including tilt, swivel, and rotation, helping to reduce back strain and improve posture in office or home environments.
